

PETE HONSBERGER

PETE BRINGS THE ENERGY TO DEVELOP INTO THE STORM LEADERS

Pete Honsberger builds trust, energy, & alignment on teams – turning your next generation of leaders into people others want to follow.

Pete has spoken for the Recycled Materials Association (ReMA) national convention, Meeting Professionals International, Tree Care Industry Association, Progressive, KeyBank, Wounded Warrior Project, Michigan Public Health Institute, and NiSource, among others.

Pete's Topics:

- **Building "Into the Storm" Leaders:** A practical blueprint to discover, engage, and grow your next generation of trailblazers.
- **The ROI of Relationships:** How to build trust, stay genuinely interested, and help everybody win.
- **Positive Accountability:** Drive consistent results through clear expectations, elevated standards, and service to others.

> *Pete runs a first-class program. The speed networking activity distilled an entire week-long trade show into 15 minutes that yielded real leads. The ROI we experienced with CultureShoc is better than any ROI we've seen in leadership development and marketing.*
>
> **– Pat Ebbing, President, Detroit Edge Tool Company**
